### WORK EXPERIENCE

**25/02/2019 – 22/07/2019** – Santarem, Portugal

#### Intern

Crivosoft

Curricular internship at the end of the Professional Higher Technical Course (CTeSP) in Information Systems Technologies and Programming.

In this internship I worked on several projects, I highlight a project that consisted of a mobile application for android that makes use of REST APIs, I worked both on the front-end, with java in Android Studio, and on the back-end, with C# and .Net.

Other tasks that I had during the internship were helping in the development of web sites.

The tools used were Android Studio, SQL Server Management Studio and Visual Studio.

The technologies used were PHP, JavaScript, java, html, SQL, and C#.

**05/07/2021 – 17/08/2021** – Lisbon, Portugal

#### Intern

Adentis

Curricular internship at the end of the Degree in Computer Science.

In this internship I worked on a web project that consists of a web application to help the operational management of a client, in this project I followed methodologies and standards such as the waterfall model, onion architecture, REST APIs and dependency injection, I worked both front-end using React and back-end using .Net.

The tools used were SQL Server Management Studio, Visual Studio Code, Visual Studio 2019, SQL Server, and Git. The technologies used were JavaScript, HTML, CSS, SQL, and C#.

**18/08/2021 – 29/10/2021** – Lisboa, Portugal

#### Full Stack Developer

Adentis
